Fire Leaves Local Family Homeless; Many Offer Help

Fire, which is believed to have started from faulty wiring in an upstairs bedroom, completely destroyed the home of Mr. and Mrs. Richard Miles on High Street just west of the Veterans Memorial Building Saturday about 9 p.m.

Fortunately, the seven children of the family were absent from home attending a Christmas party when the fire was discovered by Mrs. Miles. The flames had gained considerable headway when discovered.

The Truckee Volunteer Fire Department responded immediately to the alarm and saved nearby buildings but were unable to prevent virtual destruction of the home. All contents, including clothing and personal belongings, Christmas gifts and other valuables were lost as the flames spread quickly through the frame structure.

The building was owned by Mrs. Edith Lazzari and was one of those relocated when the freeway was constructed over the hill back of Truckee.

Miles is employed by the division of highways and Mrs. Miles operates a beauty salon at Donner Lake. They are well known and the community imemdiately set to work to provide them with essentials until they can relocate themselves. Currently they are seeking a home to rent which will accommodate the family.

No one was hurt in the fire but it did spoil Christmas for the family and the community joins in expressing sympathy.

Funds For Local Projects Urged

Congressman Harold T. (Bizz) Johnson, representing the 19 county district from which springs most of California's water resources, has urged the bureau of the budget to approve an $82,000,000 water development and flood control program for the fiscal year commencing next July 1st.

Major construction emphasis in the program was concentrated on the Tehama-Colusa Canal, the Auburn-Folsom South Project, the Washoe Project, New Melones Dam and Reservoir, Oroville Dam, Bullards Bar Dam and Reservoir, and the Martis Creek project.

Included in the program for the bureau of reclamation and the appropriations advocated by Congressman Johnson is the Washoe Project, $5,000.000.

Investigation items urged by the congressman include Lake Tahoe, $60,000; Washoe, Hope and Watasheamu dams, $100,000.

Construction appropriations urged for the corps of engineers include Martis Creek dam, $1,000,000.

Playground Given To Park District By Gateway Owner

A grant deed conveying a block play area in the block bounded by Spring Lane, Pine Avenue, Tahoe Drive and Lake Avenue in Gateway Park just west of the Tahoe Forest Hospital to the Truckee-Donner Recreation and Park District, has been executed by Richard Joseph.

It is agreed that the valuable property will be used for a playground for children of the district and will be dedicated to the memory of Bill Rose, young son of Mr. and Mrs. Zeph Rose who died as the result of an accident on the area several years ago.

Dr. H. P. Tapia, superintendent of the park district, said a plaque designating that "This land generously donated to the children of this community by Richard (Dick) Joseph that they may forever have a safe place to play," be installed in the park.

Suitable playground equipment will be installed and the area fenced and surfaced as soon as possible, Dr. Tapia said.

Directors of the district expressed their thanks to the donor of the land.

No Enforcement Ordered For New Chain Ordinance

There will be no enforcement of the recently passed Nevada County ordinance placing rigid restrictions upon persons engaged in installing and removing skid chains for hire along streets and highways, and no punishment for alleged violators.

This was announced yesterday by both Supervisor H. G. Loehr, who termed the ordinance in its present form a "phony" and Judge F. W. Wilson, who announced he could not apply a penalty for violation of the ordinance since he has not been provided with a copy and knows nothing about it.

The sheriff's office, too, is handicapped since there are no facilities here for photographing applicants and no means of collecting the required fee. It was pointed out by Loehr that the ordinance is dis-

Fire Damages Mill On Tuesday Night

For the second time within a week, the Truckee Volunteer Fire Department responded to an alarm Tuesday at 7:30 p.m. when a fire threatened the Burney Lumber Company in East Truckee.

The fast response by the department prevented a major fire and the firemen were highly complimented for their efforts.

SUIT IS SETTLED FOR DEATH OF 81 KILLED LOCAL PLANE WRECK

A $29 million suit brought by the heirs of 81 passengers killed in an airplane crash just east of Lake Tahoe in March, 1964 was settled for $4 million in an Oakland court this week.

Of the $4 million, five defendants are to pay three-quarters. Earlier, Paradise Airlines had been ordered by a federal court to pay the other $1 million.

The passengers and four crew members were killed when a Paradise Constellation crashed near Lake Tahoe.

The settlement, approved by Judge Robert Brailsford in the Alameda County Superior Court, came after 36 days of trial.

Paradise Airlines was not a defendant because of the payment previously ordered by a federal court.

The defendants were accused of contributing to the crash and Edward M. Digardi, an attorney for the heirs said they would share equally in paying the award.

The defendants were Harrah's Club; El Dorado County, operator of the Tahoe Valley Airport; the Robert Dollar Co., parent company of Hangar 4 at Oakland International Airport; Hanger 4; and Air Instrument Repair Co.

Donations Pour In For Family Made Homeless By Fire

Spearheaded by Post 7445, Veterans of Foreign Wars and the Auxiliary, a concerted drive was conducted following the fire which destroyed the home and all personal belongings of the Richard Miles home Saturday night, to collect clothing, household articles and other essentials for the family.

A. E. Burlingham reported that the drive was most successful and that all necessary items had been contributed from all over the area as far west as Dutch Flat and as far east as Sparks. The North Tahoe area also sent essentials.

About the only thing currently required is a home which will accommodate the family of nine, unfurnished.

Dick Van Wickle of KHOE reported Tuesday afternoon that approximately $200 in cash had been received or pledged for the Miles Christmas Fund, and a large quantity of items have been donated for the family.

Those wishing to donate cash can contribute to the Miles Christmas Fund, in care of KHOE, Box 247, Truckee. If you have household articles to donate, call the station at 587-4212 and arrangements will be made for a pick-up.

MANY CONTRIBUTE

Among the many major contributors to the Dick Miles fire relief fund were the highway employes, with whom Miles worked, $300; Truckee Post of the American Legion, $50; Susanville VFW Post, $250; Crystal Bay Post, VFW, $100 and Wayne Philippi, $25; Curran Distributing, $20.

Ski, Skate Program Starts January 7th

The annual ski or skate program for students of the Tahoe Truckee Unified School District will get underway January 7 at the Blyth Arena and the Papoose Ski area in Squaw Valley. Sessions will be held each Saturday for those desiring to participate and the school will provide required transportation.

This was determined at the meeting of the school board last week, Superintendent John S. Corbin reported.

No action was taken on the proposed building of a new junior high school at North Lake Tahoe nor on the opposition to the board's proposal to remove trees on the project site. However, the school officials will meet in Sacramento January 4 with Architect Gordon Stafford to review plans for the school complex.

The board voted to purchase a 12-passenger school bus which will be used primarily for transporting retarded students to and from classes and for other purposes where a small type bus can be used to replace the larger vehicles.

REIMEL RESIGNS AS DIRECTOR OF A.B.C.

SACRAMENTO — (CNS)—James O. Reimel, state director of alcoholic beverage control for the past three years, will resign his position as of January 1 to become executive secretary of an industry association.

Announcement was made jointly by Reimel and Lee Willingham, president of the California Retail Liquor Dealers Institute, an organization of about 5,000 independent off-sale liquor licensees.

Reimel, who will headquarter in Sacramento, will serve as executive secretary and legislative advocate for the CRLDI. His salary was not announced although Reimel said it was "attractive."

Funds Assured To Provide Crosswind Runway At Airport

The Truckee-Tahoe Airport received a really worthwhile Christmas gift from the Federal Aviation Agency Friday with the announcement that $74,398 had been allocated to the district as federal paticipation in the construction of a crosswind runway.

The announcement came in the form of a telegram from Congressman Harold T. (Bizz)) Johnson who has been working on the project for some time.

Charles O. Brandt, superintendent of the airport in Truckee, said he funds will provide a most important asset to the recent facility as planes which are now forced to seek other nearby landing fields, because of strong cross winds, will be landing here without difficulty.

The runway, Brandt said, would be approximately 3,000 feet long and will be located at the east end of the airport. This is about half the length of the present runway which is 7,000 feet. It will not be lighted immediately and will be used only when wind prevents use of the present runway.

Brandt said he has conferred with Carl Hand of the Federal Aviation Agency in the bay area, and was advised that as soon as details of the allocation have been received he will notify the local board so that work can be started on legal procedures. A contract must be signed by June 30 in order for the district to take advantage of the allocation, Brandt explained.

The federal allocation will take care of 56 per cent of the cost, the district providing 44 per cent.

NEW OFFICIALS TO TAKE OVER OFFICES AT START OF YEAR

Two new faces will appear in the official family of Nevada County on January 3.

As a result of the November election, Elton (Bub) Tobiassen will take over the duties of county assessor, a job held by Charles R. Kitts for the past eight years.

At the reorganization of the board of supervisors on January 3, William Thomas will become the new supervisor replacing the four-year incumbent, Don Blake from the fourth district.

The position of county treasurer, vacated by the death of Leland Twitchell, who was elected in April, will be filled by an appointment by the board of supervisors. Chief Deputy Marcella Carson was appointed to fill the vacancy during the balance of Twitchell's term ending January 3 and will hold office until an appointment is made.

Thus far the supervisors have made no move to fill the vacancy.

Forest Service and Tahoe Tavern Properties as to their respective plans of development of sixty-four acres of bureau of reclamation grounds in Tahoe City.

Hank Branagh, Tahoe National Forest Supervisor, Nevada City, told the group that the U. S. His plan was confined completely to day-use facilities consisting of parking lots, an information center, picnic and beach areas.

FIVE PART-TIME MEN APPOINTED AT SQUAW

SQUAW VALLEY — Wintertime radiance is again sovereign in the high country. Jack Frost is again king. But, sometimes the magic of the season brings accompanying problems for the firefighters of Squaw Valley.

There are the Christmas trees displaying the glory of many electri lights. There are fireplaces stoked to the maximum. There are chalets left unattended for a day on the slopes or an evening of apres skiing. Thousands of cars pour into the valley to park on the snow-bound roads and driveways.

Just as the long dry summers create havoc for the forest lands, so does the winter season create conditions that are hazardous to the structural areas.

To help cope with this situation, Squaw Valley Fire Department, effective this month, appointed five part-time firefighters. These positions are paid out of seasonal funds, and require that each man spend three fourteen hour night shifts a month at the fire station and drill two hours a week. They receive a token payment for their efforts. The three fourteen hour shifts per month per man add up to 210 man-hours of coverage per month.

When a volunteer or part-time man is required to stand a shift at the station, the Pacific Rating Bureau gives credit equal to a full-paid man during the time he is actually on duty at the station. "It all adds up to very economical protection," said Chief Bob Butler.

The five men that were appointed are Bob McKinnon, Ben Keechler, Dave Petersen, Clyde Smith, and Harry Whiler. The appointments are seasonal and will last approximately six months.

On March 31, 1886, the University of Nevada on the Reno campus opened with a two-man faculty —J. W. McCammen and A. H. Willis.

SEWER TRUNK LINE RE-ROUTED AT TAHOE

TAHOE CITY — The Tahoe City Public Utility District intends to route the Dollar Point sewer trunk line around property near the lake shore rather than over Dollar Hill.

Directors instructed the PUD manager to inform directors of the North Tahoe PUD of their plan and to arrange a future joint meeting for cost discussions.

The total project cost, including maintenance and operation of sewer trunk lines and pumping stations for serving Dollar Point, was estimated at $2,200,000 along the lake shore route and $2,171,000 over the hill. The total net cost, after an expected 30 per cent in federal aid, was estimated at $1,724,000 around the point and $1,306,000 over the point.

Both PUD districts are participating in the trunk system through Dollar Point. North Tahoe's estimated net share is $1,357,000 for going around the point and $1,220,000 for going over. Tahoe City's share was estimated at $367,000 going around the point and $586,000 going over.

AFFAIRS OF STATE

by Henry C. MacArthur

SACRAMENTO — (CNS)—Some of the difficulties Governor-elect Ronald Reagan is having in finding top-flight businessmen in the high class executive field to fill top-flight state positions as directors of various departments may be a reflection on the capacity of the people to govern themselves through the democratic process.

It has been reported in Sacramento, from some highly authoritative sources, that there has been no wholesale rush in the executive field to leave private industry and cast lots with the new administration. In fact, many of the executive type that Reagan had hopes of securing for state positions, already have disqualified themselves from even consideration of jobs.

Governor Edmund G. Brown made out for eight years by filling some of his posts with political hasbeens, later elevated to judgeships, members of his family, and civil servants. He managed to find several appointees who can be classed as good executives, and some of the career civil service appointees he drafted for non-civil service spots have full knowledge of state operations albeit they never functioned in private industry.

Governor-elect Reagan has hopes for something better. He said during his campaign while discussing the matter of top-flight executives, that he would "make all appointments to state office on the basis of experience and qualifications, and not on the basis of personal loyalties or political obligations."

It is hardly the fault of the governor-elect that the type of persons he wants in his administration is looking at state service with a jaundiced eye.

Rather, it's the fault of the system itself. Two prime reasons keep the high-powered executive and ultra-able administrator out of service to the people. The first is money, and the second authority.

It doesn't seem reasonable to ask an executive to give up a salary which in many instances is more than double and sometimes treble what he could receive from the state. Only the very rich, and few people, comparatively speaking, fighting the battle of income taxes and inflation together, can be classed as even reasonably wealthy.

Neither does it seem reasonable to ask a top-flight executive to give up a position of authority, where his orders virtually amount to law, to cope with the red tape of government, the sometimes conflicting laws enacted by the legislature, and the virtually impossible requirements of civil service which prevent any administration from running the government, despite the fact the administration has been mandated by the people.

The course of selectivity never runs smooth for a new administration, even when it is anxious to do the best job possible for the state, and it's known the job of picking and choosing isn't running easily for Reagan.

Executives count the possibilities of legislative investigations when they offend the politicians. In short, al lthe odds are against luring individuals out of the fields of business to take on the business of the people. The trend, therefore, emphasized by any new administration take-over, is toward more and more bureaucracy, rather than more and more sound business in government.

TRUCKEE LEADS ALL POINTS IN TRAFFIC

Interstate 80 was by far the most popular route into California during November, according to the monthly report from the department of agriculture.

A total of 128,575 vehicles were checked through the Truckee quarantine station last month, with Yermo in second place with 109,717. The Meyers station on Highway 50 recorded 62,386 vehicles during last month.

The Truckee total included 122,-113 autos, 5,838 trucks and 619 buses. Inspectors intercepted 350 lots of plant materials.

The report shows that there were 21,167 more vehicles entering California via Truckee last month than during November, last year.

REAGAN COMMENTS ON U. C. DISTURBANCE

SACRAMENTO — (CNS) — Governor-elect Ronald Reagan said today that students who attend the University of California should obey the rules or get out.

He commented on the new Berkeley disturbance at a press conference in Los Angeles, which was relayed to Sacramento through his office here.

The governor-elect has indicated he will call for a full scale investigation of the university.

His comments today follow:

"In all the sound and fury at Berkeley, one voice is missing. And since it is the voice of those who built the University and pay the entire cost of its operation, it's time that voice was heard.

"The people of California provide free access to an education unmatched anywhere in the world. They have a right to lay down rules and a code of conduct for those who accept that gift.

"No one is compelled to attend the university. Those who do attend should accept and obey the prescribed rules, or get out."

DELAY IS REQUESTED IN LAND DECISION

TAHOE CITY — In order to gain time to evaluate public opinion before any official action is taken, the North Lake Tahoe Chamber of Commerce has asked Stuart Udall, secretary of the interior, to withhold action on the disposition of a 64-acre parcel of bureau of reclamation land at the outlet of the Truckee river.

Chamber directors scheduled a meeting to hear explanations of development requested by the forest service and proposed administration of the land by the Tahoe City Public Utility District.

There are more than 1300 hot springs in North America.

LAKE ECHOES

BY BETHEL

The Christmas Season is with us for 1966 and this year we would like to send through this column our thanks for the many thoughtful acts of kindness, phone calls, cards and letters that remind one alone that friendship and small remembrances are gratefully and deeply apreciated. Working six days a week, trying to take care of a teenager who tries to take care of the one taking care, a house that demands attention and a small faithful Peke, Chee Chee, sometimes or most times, precedes the courtesy due our many friends. So, we wish you one and all a Merry Christmas and our heartfelt thanks.

* * *

Therefore, in the Spirit of Christmas, friends Mary and Harry Doyle of Altaville, were Bethel Van Tassel and son, Pieter, special visitors this past week, and the special meaning Mary has placed in many lives is shared with readers this Christmas week. Mary is one of the very special people we are privileged to know.

Mary and Harry several years ago lost their only child, a daughter, Emily Ann. Mary, being a physotherapist, returned to work to help children afflicted with polio, cerebral palsy, rheumatic fever, and other crippling diseases. A small office, no equipment and a lot of faith founded the Mt. Diablo Therapy Center in Walnut Creek. Mary's efforts and friends assisted in making this center known throughout the United States for the work it has accomplished and similar centers have based their activities on the success of the Walnut Creek operation.

Mary and Harry are now retired at Altaville, both "daubbers" and Mary again taking the children of the area under her sponsorship to teach spinning and weaving. Her little spinners stole the show at the Weaver's State Convention in Berkeley. and further honors won at the Santa Clara Fair in San Jose and a school festival in Lodi. Mary's next project for her spinners is movies, sound track and all, for showing at schools and other interested organizations.

A memorial fund at the Mt. Diablo Therapy Center as well as a fund at Stanford University, continues to commemorate the memory of Emily Ann.

George Harter of North Hollywood, a regular visitor to Tahoe Vista still working with the state department, well and happy. Sends Christmas wishes to one and all her friends.

* * *

Joyful greeting from Woodrow and Dorothy Jang and children Mike and Gay of Marysville. The Jangs are also Incline Villagers and frequent visitors to Lake Tahoe.

* * *

Jerry and June Richards, Tahoe Vista summer residents, are working and happy in their Sausalito winter home, anticipating an early visit to their remote lakeside cabin. However, the one New Years they spent at Tahoe Vista, the temperature dropped to zero and they evacuated to our abode, having no electricity, water, or heat other than their wood burner! Happy memories of Richards' 50 year old domicile!

* * *

A 1967 calendar with a beautiful view of Crystal Bay was received by Bethel from Vera Mosier from her winter residence in Hawaii.

* * *

George and Dean Phillips of Reno and Tahoe Vista celebrate Christmas separately since George is still at Washoe Medical Center. He is doing well, wants to go home and now, he has a hurt, and wants to be home for Christmas cheer. Hope you can make it home by then, George.

* * *

Alice Switzer longtime friend of Bethel, and a frequent visitor to Lake Tahoe writes that she has decided not to work part time anymore and to take it easy.

* * *

Paul and Sally LaFrance of San Francisco, summer Tahoe Vistors, are spending Christmas at La Jolla with relatives.

* * *

Mr. and Mrs. Melvin Samuel Peterson of Salt Lake City have announced the marriage of their daughter, Shana Bess to Mr. Robert W. Glasgow on Sunday, the ninth of October.

Shana for several seasons was a regular summer employee of the Riviera Resort Shops at Kings Beach and Tahoe City. She has many friends in the area who will be very pleased and happy to hear of her marriage. They will make their home in Arizona.

* * *

Pieter Van Tassel, son of Bethel, of Reno was a patient at St. Mary's Hospital in Reno Friday when he underwent surgery for a tonsilectomy. An expensive Christmas present which wasn't much appreciated due to several days suffering from after-affects.

* * *

Dick and Ruth Lavery visiting in Sacramento with son and family, the Kenneth Laverys, getting ready to take off for two months in Mexico. Dick must catch up on his hunting. The Art Leitchs, formerly of Truckee, will accompany them.

* * *

From Roseville come greetings from John and LaZelle (Marley) Miller, former Tahoe Vistans. LaZelle's daughter, Sandi, and husband, Len Flynn and their baby daughter are at Rancho Cordova, having recently returned from Louisiana. Flynn's previously lived at Incline Village, and are temporarily with his parents, his father leaving shortly for the Phillipines.

* * *

Greetings from Astoria, Oregon, the new residence of Nelle and Don Barkhurst, former Lake Tahoe residents, advises they are well and busy, but busy! We could say "we told you so" but won't. Happy are the retired who buy a resort to enjoy their retirement!

* * *

Mel and Betty Jo LaValley and children, Kim and Mell, of La Canada, usual Lake Tahoe summer residents, send greetings. Canada was their destination this year, driving to Vancouver via Tahoe, taking the Canberra, which incidently is a beautiful ship, and enjoying a new area tremendously.

* * *

General Jack and Charity McMahon of Saratoga with whom we always watched the baseball games during their visits to Lake Tahoe write they are well and happy. General Jack is one general who does not plan to write his memoirs from World War II.

* * *

From Yucaipa comes a Christmas message from Tracy and Irwin (Slim) Shipley, formerly longtime summer Tahoe Vistans. They enjoyed a trip to Glacier National and Yellowstone Parks this past summer covering over 5,000 miles. They are fine, retired, enjoying trailer life and planning next year's adventure.

* * *

Chatted with Joyce Lekang of Kings Beach and Viola Smith of Reno while lunching Friday. Joyce and Oscar are enjoying a short holiday before opening their resort for a busy winter season.

* * *

Mike and Jean Cinani, now of La Mesa, formerly of Reno and Lake Tahoe, enjoyed a trip to Alcapulco early this year as well as Taxco. Mike is with civil service and working on fighter bombers — 1600 miles per hour! Jerry graduated in June from the University of Nevada with a degree in psychology and is attending the University of Alberta in Edmonton, Canada.

Dick continues at the University of Nevada while Pat is attending Reno High School. All spent Thanksgiving together and plan a good Christmas.

Belated congratulations to Mike and Jean who celebrated their 25th wedding anniversary this year.

* * *

"It's a long years time between words" writes longtime friend Barbara Phillips from Silverton, Oregon, who visited Bethel too long ago. Frequent Tahoe Vista visitors, son, John, is now a freshman at the University of Oregon where daughter, Dari, is a senior. Barbara is a real estate broker and keeping busy.

* * *

* * *

Carlton Konarski of Incline Village spent several days visiting his family in Michigan.

* * *

Belated birthday greetings to Lincoln and Meta Fitzgerald of Reno and Crystal Bay who celebrated their birthdays a week apart a month ago.

* * *

Sidney Cook, son of Dora Mae Jakobson of Incline Village, celebrated his 13th birthday on December 14th. Sidney's friend, Bill Englehardt, and his mother enjoyed a special treat, sukiyaki by Dora Mae's husband, Bert.

* * *

Many wishes for a Merry, Merry Christmas and a reminder of some old advice:

"Be not perturbed with your lousey lot,
Just make the most with what what you've got."

SWANEE IN HOSPITAL

Eleanor "Swannee" Swanson has written from Washoe Medical Center at Reno, in room 124B that she has been hospitalized since the middle of November for a chronic ailment that became serious at that time.

The treatment, according to her doctor will necessitate three more weeks in the hospital and Swanee will welcome messages from friends from the Lake Tahoe area where she was a Sierra Sun correspondent in years past.

It's Dance Time At North Tahoe Lodge

CRYSTAL BAY — It's dance time at North Lake Tahoe's Nevada Lodge this week, as the famous Jerry Wald Orchestra comes Tuesday night to the Lodge's spectacular Topaz Room. Wald's big band will play nightly through New Year's eve.

Opening Wednesday night for a three week run are the popular Guys 'n Dolls — four youthful, talented musicians who have won over a large following on the Reno-Tahoe-Las Vegas circuit. The unpredictably witty foursome will appear nightly at Nevada Lodge, North Lake Tahoe's largest year-round resort hotel casino.

Nevada Lodge entertainment director David Crow stresses the musical and non-musical versatility of the Guys 'n Dolls. Headed by emcee Kenny O'Dell, whose rich vocal talents put him high on the list of potential top flight stars, the Guys 'n Dolls present beautiful Carol Robbins and Corki as instrumentalists and contributors to the groups fresh zany wit. Drummer Byron Allen completes the group; his distinctive voice is reminiscent of Roger Miller, say the critics.

SIERRA SKIING

BY VI WHITE

A White Christmas certainly is assured this year and skiers have been fortunate to have ideal conditions, packed powder snow!

Most resorts are featuring daily events for young and old during the festive holidays.

There are a great many people spending these next two weeks in the mountains and several training camps are set up for the competitive skier.

The annual FWSA junior training camp will be starting right after Christmas at Granlibakken for cross-country and jumping.

College teams will practice, Nevada at Mt. Rose Ski Area, San Jose and Sierra at Squaw Valley, and the U.S. Air Force Academy at Sugar Bowl.

For the recerational skier, there will be a Chamois slalom Dec. 23 at Squaw, a torchlight parade the 24th at 7 p.m. down KT-22, another is scheduled at Donner Ski Area New Years Eve.

Boreal Ridge is also planning fun races during holidays, as is Yosemite and Dodge Ridge.

With so much good snow, vacationers should have a great time.

Found that a lot of people were having fun on the Tahoe City Golf Course last weekend with their over-the-snow machines, putt-putting all over the place.

* * *

Boreal Ridge just celebrated their 1st birthday last week and have announced that they will extend a 10 per cent discount of lifts to all servicemen on active duty.

They have Wednesday and Thursday tagged for Ladies Day again. Donner Ski Area will be starting Ladies Day on Wednesday Jan. 11.

They also have night skiing Wednesday, Friday and Saturdays from 7 to 10 p.m., so no excuse if you have to work during the day, there's still a chance to ski under the lights.

* * *

Famed photographer, Dick Barrymore visited Squaw Valley last weekend and showed his marvelous official film of the FIS ski championships held at Portillo, Chili last summer. It was a vivid account of the events and really put the viewer in the skiers boots, so to speak.

The movie is sponsored by the Head Ski Company.

Head representative, Al Vinceleti had taken a terrific spill earlier in the day and attended the movie with a new chapeau — a bloody bandage!

* * *

Ski shops are happy that so many parents are buying good ski clothing and equipment for their children, so important up here when the kids can ski almost every day after school.

* * *

Two Sacramento groups come up to Soda Springs, Sugar Bowl, or Donner Ski Area by bus Saturday or Sunday for a day in the snow for juniors.

They have a great package plan and a good program for young skiers, so you valley people, here's a chance to let the kids have fun in the snow under good supervision.

The Blizzard Ski Club, 2015 J Street - Suite No. 2, or Alpine Juniors Skiers, P. O. Box 9582.

An Oakland group called Tots and Teens Tour makes trips to the Bumble Bee Toboggan Hill or Dodge Ridge and have a special trip planned for the Truckee area over New Years Eve. Write Tots and Teens Tours, 4121 Maynard Ave., Oakland.

Adult tours by Argo Ski Charter have specials to Alpine Meadows, Boreal Ridge and Squaw Valley from San Francisco. They will be at Squaw from December 27 to January 1st.

* * *

Did you know that if you ski two consecutive days at Squaw Valley, you save one dollar, $13.00; three consecutive days for $18.00. They have a five-day rate too, Monday through Friday $25.00.

Single all day tickets are $7.00 for use of all 21 lifts and the Gondola Tramway. Half-day starts at 2 p.m., $4.50.

Yosemite is the first ski area to start a half-day rate for mornings, from 9 a.m. to 12:30 p.m. Should work out fine too.

* * *

A MERRY CHRISTMAS TO YOU ALL.

criminatory. Those engaged in the necessary and difficult task of installing chains along the highways during storms may be working in any one of four or five counties and the ordinance applies only to Nevada County.

Those currently applying for permits are advised that none is required by the county although rules established by the state division of highway are enforceable and permits from that agency are required. Other rules by the state will be enforced under the code regulating the practice and punishment provided, Judge Wilson advised.

Loehr indicated that a new and different ordinance would be worked out to eliminate the inequities and discrimination clauses which apparently made the current ordinance impractical and not workable.

The division of highways and counties involved are attempting to formulate a set of rules which will protect both the traveling public and the people engaged in chain installing, Loehr said.

More Members For Air Patrol Sought

TAHOE CITY — The newly registered Ta-Vad-Hoe Squadron of the Civil Air Patrol, meeting currently at the Tahoe Lake Elementary School each Monday night, will continue its membership drive of Lake and Nevada residents, both senior (adult male and female) and cadets (boys and girls 13-18) under its Commander Leon Brinkley of the Sierra Soaring Society and the division of highways.

At its last meeting, high ranking officers from the Nevada Wing were present to conduct the meeting and explain the CAP program in detail.

Membership in the CAP is open to all interested responsible parties who are U. S. citizens of good moral character and must comply with prescribed membership requirements and regulations. It requirese a member to help himself and others, his community, and his country, as necessity arises. Membership in CAP neither exempts nor obligates one for active service in the armed forces.

Although a volunteer, non-profit corporation, unlimited opportunities exist. Scholarships, encampments, educational advancements are open to senior members and cadets. Advancement and officer training in the organization is restricted only by the individual.

Everyone is welcome at the next meeting, and immediate information is available by contacting the Ta-Vad-Hoe Squadron, Box 174, Tahoe City, California.

Land At Tahoe

Continued from Page 1

from the earlier plan which included overnight camping facilities.

Don Williams representing the Tahoe Tavern and Sierra Pacific Power properties, the major land owners to the south and north of the federal land, presented a more elaborate type of development which possibly would include a golf course, theater and convention center.

His plan would require a lease with the Truckee-Carson Irrigation District and the government. Depending upon the terms of the lease, the Tavern plan may or may not require some comemrcial development. The Tavern plan was considerably different from earlier proposals in that the entire development would now be confined to the sixty-four acre parcel and would not cut across property lines into either the Tavern land or the Sierra Pacific land.

As a result of these preliminary proposals, the chamber directors decided to hold a town meeting where both presentations could be made to a larger segment of the public. The chamber efforts to seek out public opinion were encouraged by the Department of Interior so as to assist them in their decision as to which type of development is best suited to the local area.

Bill Layton, manager of the Tahoe City Public Utility District, who recently went to Washington, D. C. to meet with the department of Interior introduced the subject of the sixty-four acres to the directors and explained that if the Tahoe Tavern should be chosen as the developer of the federal land, the utility district would be willing to offer a management service to the development.
